Our NEWPAGES ID

When a user registers at Website A and purchases machinery products, it means that he registered a NEWPAGES Member ID. After that, when the same user decides to purchase a traveling package at Website B, he will no longer need to register again at Website B but to only use his NEWPAGES Member ID to purchase.

Users will not need to fill up irritating registration forms at multiple websites anymore! Believe me, some people will give up purchasing your products due to their laziness to register.
